PLANETARY PLACEMENT INTERPRETATIONS

■ *This section is read directly from your chart by our rule engine (placements and classical results), not written by an AI model.*

- **Sun — Cancer, eleventh house:** significator of soul, authority and the father. Supported and able to act, though the confidence is partly borrowed. Friend's sign brings real income despite worry over expenses, and honour and comfort from distant connections; its aspect on the 5th brings weak education and difficulty with children. State (Bala): an infant state — its significations are slow to mature and easily overshadowed by other factors in the chart.
- **Moon — Taurus, ninth house:** significator of mind, emotion and the mother. Emotionally at its best — nourishing, intuitive, and unusually resilient. Brings real wealth, unexpected windfalls and good fortune; its aspect on the 3rd brings some diminished sibling comfort and personal drive. State (Kumara): a growing, adolescent state — results build gradually rather than arriving in full.
- **Mars — Aries, eighth house:** significator of energy, courage and action. Assertive and effective, comfortable taking the lead. In its own sign here (Mars rules the 8th), brings some difficulty though real gains in longevity and inheritance; its aspects bring good growth in income, real wealth grown through secretive method, and growing personal drive and sibling comfort. State (Mrita): a 'dead' (Mrita) state — significations are weak or dormant until a stronger dasha or transit revives them.
- **Mercury — Leo, twelfth house:** significator of speech, intellect and trade. Capable, though the cleverness leans on outside support. Friend's sign brings heavy expense offset by standing and gain through distant connections, though some dissatisfaction through father and career; its aspect on the 6th brings success over rivals through discernment. State (Mrita): a 'dead' (Mrita) state — significations are weak or dormant until a stronger dasha or transit revives them.
- **Jupiter — Cancer, eleventh house:** significator of wisdom, fortune and expansion. Expansive and trusted — wisdom and good fortune arrive together. Friend's sign brings real growth in income and comfort through mother and home too;

its aspects bring growing personal drive and sibling comfort, some difficulty around education and children, and real success in daily business with a beautiful, capable spouse. State (Mrita): a 'dead' (Mrita) state — significations are weak or dormant until a stronger dasha or transit revives them.

- **Venus — Cancer, eleventh house:** significator of love, comfort and the arts. Uneasy in love or comfort — indulgence stands in for real connection. Enemy's sign brings real success in education and children, and gain from distant connections offset by hardship; its aspect on the 5th brings good growth in income through wit. State (Vridha): an aged state — past its peak; results are real but past their prime, or slower to renew.
- **Saturn — Sagittarius, fourth house (retrograde):** significator of discipline, labour and delay. Ordinary discipline — duty performed without particular struggle or particular reward. Friend's sign brings some deficiency in home comfort and difficulty around children, though real gain in education; its aspects bring real influence over rivals and mixed fortune from disputes (own sign), success in career through effort, and some physical unease alongside real effort and influence. State (Mrita): a 'dead' (Mrita) state — significations are weak or dormant until a stronger dasha or transit revives them.
- **Rahu — Capricorn, fifth house:** significator of worldly desire and sudden change.
- **Ketu — Cancer, eleventh house (retrograde):** significator of detachment, past merit and liberation.

Conjunctions

- **Sun + Jupiter in Cancer:** Moral weight and generosity — respected, well-connected, and drawn to service.
- **Sun + Venus in Cancer:** Charm and creative flair — sociable, though comfort can compete with duty.
- **Jupiter + Venus in Cancer:** Abundance and goodwill — a fortunate, well-liked combination.

THE NEXT TWELVE MONTHS: DASHA SUB-PERIODS

Nov 2025 – Oct 2026 (running now) Jupiter – Ketu

Classically this sub-period brings exhaustion tied to separation from a partner, financial loss, illness, friction with family, and travel or dislocation.

Oct 2026 – Jun 2029 Jupiter – Venus

Classically this sub-period brings gains in property or land, good health and vigour, marks of honour and status, growing wealth and family, and increased longevity.

These are the Vimshottari sub-periods (antardashas) running over the next twelve months, computed from your birth data, with the classical result for each. They are not a month-by-month prediction.
